

WHAT IS IT ?

LM-F240 is a lightweight and high production speed labelling machine developed in Ammar machinery industries, it can label up to 240P/min. Its body is made up of chrome metal and can label different products like chocolates, boxes, jars and many other products.

LM-F240 can be linked to wrapping machines by a feeder which increase production speed. The machine can be made according to your need to fit the product's size you want so the speed, weight and dimensions can vary from one machine to another according to your needs.

SPECIFICATIONS OF LM-F240.

	SPEED	240 P/MIN
	WEIGHT	95 KG
	ELECTRICITY FEED	220V SINGLE PHASE (50 - 60 HZ)
	CONSUMPTION	1.5 KW
	MACHINE DIMENSIONS	W 70 L140 H170 CM
	PNEUMATIC SUPPLY	NO NEED
